

September 11, 2020

Dear Kindergarten Parents,

I hope you are safe, and surrounded by family and loved ones.

As you know Mrs. Griffith was supposed to finish kindergarten testing last week; however, she was unable to finish because we were instructed to leave the building due to poor air quality. We do not think the air quality will improve until sometime next week.

We have postponed the first day of kindergarten to September 21st. This way Mrs. Griffith can continue testing September 16th-18th. You will hear from Mrs. Griffith later today regarding testing and the first day of school.

Thank you and please stay safe.

God Bless,
Corrine Buich
Principal
